

INTEGRATED DRILLING&WELL SERVICES Co., Ltd.
A MEMBER OF THE **UMA** GROUP

Casagrande M-9

Hydraulic Drilling Rig

Drilling rig is designed for:

- exploratory drilling up to 150 m
- geotechnical drilling up to 30 m
- execution of micro piles up to dia. 300 mm
- geotechnical anchors up to dia. 140 mm
- execution of reinforced-concrete piles
- execution of water wells up to 250 m (max. dia. 420 mm)
- drilling vertical and horizontal boreholes and directional drilling
- drilling drainage boreholes

TECHNICAL DATA:

Year of manufacture: 1999

Drilling rig is on crawlers

BOREHOLE DIMENSIONS:

Maximal depth: 250 m

Drilling diameter: 64 - 420 mm

TRANSPORT DIMENSIONS:

Length: 8690 mm

Width: 2250 mm

Height: 3015 mm

Weight: 15000 kg

ENGINE:

Manufacturer: DEUTZ

Type: BF4M 1013 C

Power installed: 112 kW (152 HP) at 2300 rpm
