Drilling Rig

Rig is designed for:

- drilling water, gas and hydrocarbon wells,
- test-hole drilling and coring

TECHNICAL DATA:

Year of manufacture: 1974

Hydraulic drilling rig mounted on truck Mercedes-Benz

TRANSPORT DIMENSIONS:

Length: 8700 mm

Width: 2400 mm

Height: 3950 mm

Weight: 22000 kg

MAST:

Height under crown sheaves with mast extension: 12,20 m

Permissible load on hook with mast extension: 20000 kg

Permissible load on crown with mast extension: 10000 kg

ENGINE:

Manufacturer: MAN

Type: 26240 DH AK 6x6

Power installed: 62,5 kW (85 HP) at 2000 rpm

CASING SWIVEL:

For casings up to 622 mm dia., torque 15000 mkg/cm²:

- pull down: 20000 kg

- pull up: 30000 kg

MUD PUMP:

Manufacturer: Gardner Denver

Type: Duplex-piston pump 5" x 6"

Max pressure/Max delivery: 20 bar/760 l/min
