Drilling Rig

Rig is designed for:

- drilling water, gas and hydrocarbon wells,
- handling with drilling pipes and casings
- test-hole drilling and coring

TECHNICAL DATA:

Year of manufacture: 2003

Hydraulic drilling rig mounted on truck Mercedes-Benz

Type: ACTROS 3340 (BxB)

TRANSPORT DIMENSIONS:

Length: 11856 mm

Width: 2550 mm

Height: 4078 mm

Weight: 30200 kg

MAST:

Working height for drill pipes: 6 m

Max static pull: 271 (26480 da N)

ENGINE:

Manufacturer: DEUTZ

Type: BF8M1015C

Power installed: 348 kW (473 HP) at 1900 rpm

PULL AND PUSH SYSTEM:

Max. static pull: 271 (26480 da N)

Max. pull-down: 121 (11770 da N)
